PRESSURA™ MODEL NSD8 REMOTE MONITOR ACCESSORY

Description

The Model NSD8 PRESSURA™ Remote Monitor Accessory is designed as a remote interface for TSI PresSura Monitors and Controllers. The PresSura Remote Monitor Accessory displays room mode and status for up to eight rooms. The NSD8 Remote Monitor Accessory can configure the room mode of connected monitors and controllers from Positive/Negative to No Isolation Mode.

Features

- Display eight rooms at one time
- Compatible with any TSI PresSura RPM10/RPM20 Monitor or RPC30 Controller
- Audible and visual alarms
- Change room mode to No Isolation Mode when pressure direction is not critical
- Autodiscover to automatically find connected monitors and controllers
- Communications outside of BAS, reducing BAS network traffic

Items Included
- Digital interface module
